Senate - 2024 Legislative Session

Senate Bill 2332 – amends the Mississippi Adequate Education Program to: increase the maximum amount in local contribution that wealthier school districts must provide from 27% to 29.5% of the base cost; adjust the annual growth factor for non-recalculation years from 40% to 25% of the base cost and use a 20-year-average inflation rate; hold harmless for one year school districts that would lose funding due to a drop in average daily attendance; specify that 90% of MAEP funds must be spent on teacher salaries, classroom resources, and expenditures other than salaries for superintendents and principals; require that a pro-rated share of a charter student's MAEP allocation be returned to the traditional public school if the student returns to the traditional school; and other provisions.

The Parents' Campaign favors a vote of yea on this bill
