Brings forward code sections related to assistant teacher pay but currently does not include a salary increase for assistants. Brings forward broad portions of Mississippi code for unknown revisions, including code sections for Mississippi Student Funding Formula; sets base student cost for FY2027 at \$7,447.37; makes changes to School Attendance Officer program; reduces state employee years of service for retirement in Tier 3 from 35 to 30; sets cap on superintendent salaries; establishes a temporary performance-conditioned supplemental program for D- and F-rated districts; and other provisions.
